CO₂ Solutions Appoints Leah Lawrence as New Board Member

Quebec City, February 25, 2014 – CO₂ Solutions Inc. (TSX-V: CST), an innovator in the field of enzyme-enabled carbon capture technology, today announced that Leah C. Lawrence, P.Eng., M.Ec. has been appointed to the Corporation's Board of Directors effective February 24, 2014.

"Ms. Lawrence is a respected leader in renewable and alternative energy development in Western Canada," said Glenn Kelly, Chairman of the Board. "Given her expertise, she will be an important resource to assist in our effort to commercialize our technology in the oil sands and beyond."

Mrs. Lawrence currently serves as President of Clean Energy Capitalists Inc., a private company that helps develop renewable and alternative energy projects. Ms. Lawrence's board experience includes the Calgary Chamber of Commerce, where she is currently the Chair. She is also a past president and board chair of the Association of Professional Engineers and Geoscientists of Alberta (APEGA), and a past board member of the Alberta Economic Development Authority. She holds a Master's degree in Economics from the University of Calgary and a Bachelor of Applied Science degree from the University of Regina.

In connection with her appointment, Ms. Lawrence has been granted 10,000 stock options to purchase CO₂ Solutions Inc. common shares exercisable at a price of \$0.10.

About CO₂ Solutions Inc.

CO₂ Solutions is an innovator in the field of enzyme-enabled carbon capture and has been actively working to develop and commercialize the technology for stationary sources of carbon pollution. CO₂ Solutions' technology lowers the cost barrier to Carbon Capture, Sequestration and Utilization (CCSU), positioning it as a viable CO₂ mitigation tool, as well as enabling industry to derive profitable new products from these emissions. CO₂ Solutions has built an extensive patent portfolio covering the use of carbonic anhydrase, or analogues thereof, for the efficient post-combustion capture of carbon dioxide with low-energy aqueous solvents. Further information can be found at www.co2solutions.com.
