For its project in Saint Felicien, Quebec, Saipem Canada Inc. is now hiring for a Project HSE Engineer to provide necessary support to ensure the correct development, management and improvement of the Project HSE Management System throughout all the phases of the project/activities, Construction, Pre-Commissioning, Commissioning and Start-up.

Responsibilities:

- Provide necessary support to ensure that all design, construction, Pre-Commissioning, Commissioning and Start-up activities carried out by Saipem are conducted in strict accordance with the Client HSE Requirements, Saipem HSE Standards, applicable HSE local legislation, International Standards (ISO14001 and ISO45001)
- Take part in accident / incident investigation.
- Participate in HSE Risk Management and Occupational Safety Risk Assessment
- Provide necessary support to ensure that Project HSE plans and procedures are developed and implemented throughout the entire project life.
- Participate in pre-construction survey, identify safety criticalities and environmental sensitive areas and design mitigation measures
- Assist the Project engineering and management teams in the Risk Management process (i.e. HAZOP, HAZID, Hazard and Effect Management Process, Risk Assessment)
- Knowledge and ability to follow HSE contractual aspects related to subcontracted activities, as well Knowledge of sub-contract management.
- Keep constant communication and HSE reporting with Saipem Corporate HSE Department

Qualifications:

- Canadian Registered Safety Professional designation is a must
- Member of OIQ or recognized professional engineer organization

- Successful completion of COR Programs course
- A minimum of 5 years of experience in the development, implementation, and audit of an HSE Management System
- Knowledge of local HSE legislation and main important international standards on HSE management system (e.g. ISO 14001 ISO 45001)
- Fluent in both French and English languages is a must

We offer an opportunity to work on varied and interesting projects in Canada and around the world. Salary will be commensurate with your experience. While we sincerely thank all applicants, only those selected for an interview will be contacted.
